

trinity holdings

to engineer solutions that shape the future

***skilled in reverse and
design engineering for
increased efficiency and
improved functionality***

trinity holdings

With its roots in Dubai, Trinity Holdings has evolved into a leading provider of engineering solutions in the Middle East over the past 30 years.

The group has kept pace with ever changing market dynamics by expanding its product and service range, thereby establishing itself as a one-stop-shop for all engineering needs. Trinity Holdings' engineers are trained to provide innovative solutions while working side by side with its customers across various industries.

Having marked its presence in the United Arab Emirates, Trinity Holdings has expanded its footprint to India, Qatar, Bahrain and Oman to cater to the rising demand of its customers.

Over three decades of dedicated services in electro-mechanical contracting to the construction industry with several iconic projects and satisfied clientele to its credit.

services

- 0 Design, supply, installation, testing and commissioning of complete mechanical, electrical & plumbing (MEP) systems
- 0 Electrical, fire alarm, low current, plumbing, drainage, fire fighting, HVAC and ventilation systems for all types of commercial, residential and industrial buildings, and infrastructure projects
- 0 Maintenance contracts for electrical, plumbing and AC for all types of structures

Offers repairing, re-conditioning & manufacturing of mechanical components for industry sectors ranging from oil & gas, marine, dredging, power, transportation & construction among others. Equipped with conventional, heavy & CNC (up to 5 axis) machinery and a dedicated welding and fabrication yard.

services

- 0 Repairing, re-conditioning & manufacturing of:
 - oil & gas industry components (mud pump parts, down-hole tools, valves, wellhead equipment, tubular connections & sheaves and rotary equipment)
 - API 5CT, 6A, 7-1, 8C & 16A monogrammed products
 - diesel & petrol engine parts (engine-blocks, crankshafts, cylinder heads, connecting rods & liners)

- 0 In-situ services
 - line boring - honing - laser alignment
 - drilling - engine block machining
 - flange facing - milling - metal stitching
 - specialized bolt removal/spark erosion

- 0 Welding & fabrication

- 0 Specialized services
 - thermal spray
 - white metal lining/re-babbiting
 - spark erosion
 - dynamic balancing
 - manufacturing & overhauling of hydraulic jacks
 - equipment repair
 - electrical discharge machining (EDM)

ISO 9001:2008 API 5CT, 6A, 7-1, 8C & 16A

to engineer

www.trinityholdings.com

Caters to the increasing demand for surface treatment services in Abu Dhabi. Our thermal spray facilities are certified by the US Navy for reconditioning of their components. Also equipped with facilities to provide similiar services offered by Trinity Mechanical.

services

Specialized coatings for the power generation and oil & gas industries:

- 0 Thermal spray processes such as High Velocity Oxy Fuel (HVOF), plasma & twin wire arc spray
- 0 Licensed Praxair facility for SermeTel and SermaLon protective coatings for rotary equipment
- 0 Repairing, re-conditioning & manufacturing of down-hole drilling tools:
 - mud motor rotors - jars - mandrels
 - housings - wash pipes
- 0 Manufacturing & reconditioning of premium VAGT connections

- 0 Repair, recertification and manufacturing of API licensed products:

- casing and tubing connections (API 5CT)
- wellhead & christmas tree components (API 6A)
- subs (API 7-1)
- sheaves (API 8C)
- adapter & drilling spools (API 16A)
- choke & kill manifold assemblies (API 16C)

- 0 Specialized services:

- overhauling of rotary equipment
- in-situ services
- machining of engine components
- welding & fabrication

ISO 9001:2008

ISO 14001:2004

OHSAS 18001:2007

API 5CT, 6A, 7-1, 8C, 16A & 16C

An ABS approved jobbing foundry offering quality sand castings & heat treatment services meeting international standards. The facility houses modern induction melting furnaces, PLC controlled automated sand mixer, CNC pattern shop, heat treatment & induction hardening furnaces and an analytical metallurgical laboratory. Blue Light also offers specialized electro-plating services.

services

- 0 Foundry
 - single piece ferrous (up to 7 tons) & non-ferrous castings (up to 1.5 tons)
 - casting of special alloys (Ni-resist cast iron, manganese steel, stainless steels, duplex & super duplex and aluminium bronze)
 - parts manufactured on regular basis include pump components, consumable wear parts, sheaves, gypsy wheels, marine thruster parts and BOPs
 - centrifugal casting of ferrous & non-ferrous metals
- 0 Heat treatment
 - induction hardening
 - TRIBOX: quench, polish, quench equivalent process
 - liquid nitriding
 - case hardening & stress relieving
- 0 Protective coatings
 - hard chrome plating, nickel plating, electro-less nickel, sulfamate nickel, copper, zinc and selective and in-situ plating services
 - regularly plated components include mud motor rotors, down-hole tools, hydraulics, piston rods, pump shafts, turbine rotors and all types of shafts and cylinders
 - copper plating for self-lubrication of threads
 - phosphating

engineering

ISO 9001:2008 American Bureau of Shipping (ABS)

www.trinityholdings.com

dmī dubai

A pioneer in servicing and re-conditioning of marine and industrial engine components.

services

- 0 Re-conditioning of diesel engine components (marine & industrial) for 2 & 4 stroke engines, such as:
 - piston crowns - cylinder covers - exhaust valve spindles & seats
 - valve cages - valve housing - piston skirts
 - cylinder heads - piston rods - connecting rods
 - white metal bearings
- 0 Part of DMI global exchange pool for components required urgently
- 0 In-situ services such as:
 - line boring - honing - laser alignment - drilling
 - engine block machining - flange facing - milling
 - metal stitching - specialized bolt removal/spark erosion
- 0 On-board ship repair services

With a reserve of wide variety of hydraulic fittings, hoses & expansion bellows, our hydraulic division brings mobile workshops to our clients across the UAE for on-site replacement and repair works.

services

- 0 Assembly and supply of hydraulic hoses & fittings including SS hoses, fittings and expansion bellows, steel tubes & fittings, air & chemical hoses, pressure gauges, dowty seals & ball valves among others
- 0 Mobile workshops for on-site replacement and repair works
- 0 Manufacturing and overhauling of hydraulic jacks

ISO 9001:2008

joint ventures

JV with Integrated Equipment Inc., USA.

- 0 Distribution of oil & gas equipment designed and manufactured by Integrated Equipment, USA
- 0 Products include blowout preventers (BOPs), pulsation dampeners, well head equipment & elastomers
- 0 Repair, reconditioning & re-certification of BOPs, gate valves, choke & kill manifolds and various other wellhead/christmas tree components
- 0 Local manufacturing of monogrammed components as per API 6A, 16A and 16C licenses

ISO 9001:2008 ISO 14001:2004 OHSAS 18001:2007
API 6A, 16A & 16C

JV with T&T In-situ Machining GmbH, Germany.

- 0 Specialist provider of in-situ services around the clock (line boring, drilling, flange facing, milling, laser alignment and measurement)
- 0 Turnkey alignment projects of main engines, gearboxes, pumps and various other components

JV with KC Engineering Ltd., UK.

- 0 Services for various white metal bearing types including fixed profile, tilting pad thrust & journal bearings
- 0 Reverse engineering, design, upgrade and failure analysis of bearings
- 0 Manufacture and repair of stern tubes and precision seals
- 0 Applications for various industries including power generation, oil & gas, marine, quarry and mining

Indigenous manufacturer (OEM) of dewatering pumps & accessories in the Middle East.

products & services

- 0 Provides extensive range of pumps with different sizes and capacities to suit varying conditions
- 0 Turn-key project execution for ground water control, equipment hire, project management and dewatering consultancy
- 0 Round the clock service & support
- 0 Stockist and supplier of dewatering accessories

ISO 9001:2008

to engineer

www.trinityholdings.com

A pioneering container manufacturing company in the Gulf Region, Middle East Metal Can (MEMC) produces tin containers of varying shapes & capacities.

products

- High quality rigid tin containers of different shapes and sizes. Cylindrical, rectangular, pail and two-pack cans of various sizes as per US & UK standards
- Can components
- High quality closures

ISO 9001:2000 UN

trinity
doors

lakshmi
metal tech

A leader in the manufacture of steel, timber doors and hardware across multiple markets, Trinity Doors has the technical superiority to offer 'an engineered solution to any opening'.

products & services

- Design, manufacture and commissioning of high-tech, long lasting doors for specialty, industrial, commercial and residential applications:

- fire rated and standard steel doors & frames
- fire rated and standard wooden doors & frames
- blast resistant steel doors & frames
- acoustic steel and wooden doors & frames
- bullet resistant steel doors & frames
- detention doors & frames
- lead-lined steel doors & frames
- oversized steel doors & frames
- stainless steel doors & frames
- access panel steel doors & frames

- Maintenance and servicing contracts

ISO 9001:2008 UL 10-B, 10-C BS 476.22 IDA ANSI UAE Civil Defence

to engineer

www.trinityholdings.com

A leading importer and distributor of hardware, electrical & painting tools, automobile and safety materials.

- Official distributors (UAE, Oman & Qatar) of Guilbert EXPRESS (France) products including welding equipment and heating tools related to plumbing, HVAC and building maintenance works
- Various distribution agreements with international companies such as Interflex (Turkey), Alpen (Austria) & PONSA (Spain) among others

SAER
ELETTROPOMPE

saer
middle east

Sole distributor and associate business partner of SAER Elettropompe, Italy in the MENA region.

- Sales, marketing & servicing for SAER submersible, multistage & centrifugal pumps from Italy
- Caters to all SAER customers in the Middle East & North Africa region
- Provides enhanced engineering solutions for water treatment, transfer / booster application, MEP projects, civil or municipal projects

ISO 9001:2008

A leading provider of high quality structural steel and other building materials.

- Actively involved in the trading of commodities in the international market
- The steel division specializes in trading steel and building materials
